

# TAMC LEGO CLUB K-5th 2021-2022

**Why?** “As we move forward into this technological era, we at the Academy believe that we have a responsibility to provide our children with opportunities to incorporate science, engineering, math and technology in meaningful ways. We want our children to not only participate in the next generation of creative thinkers, but to lead the way!”

**When?** Club meets every other Wednesday starting August 11th and ending April 20th from 2:45- 4:20pm. Club doesn't meet in the month of **May**. K-2nd graders meet with Ms. Locklear in the auditorium and 3rd-5th graders meet with Ms. Johnson in her classroom. Children should be picked up in the auditorium/lower building pick-up line respectively at 4:30 at the very latest please! If you are late, your child will be in the after school room and you'll be required to pay \$12.

**What?** The cost of LEGO CLUB is \$100/year. **A club t-shirt is available for purchase (\$15 extra) and every year is a unique design!** Children are allowed to wear their LEGO Club t-shirts on club days only with uniform pants/skirts. Children should also bring a extra snack with drink to eat before club. We start each club with snack, the LEGO pledge, and then begin our challenge for the day.

Parent volunteers needed! Membership fees waived or reduced for committed parent volunteers in K-2 Club. For questions or if you would like to volunteer, please email Ms. Locklear (k-2nd) @ [alocklear@academyofmoorecounty.org](mailto:alocklear@academyofmoorecounty.org) or Mrs. Johnson (3rd-5th) @ [sjohnson@academyofmoorecounty.org](mailto:sjohnson@academyofmoorecounty.org).

**\* If you would like to sign up your child, please fill out application and return to your child's teacher by August 1st. There are limited slots in 3-5th and 75 slots in k-2nd.**
